

STEEVPAL SINGH

WEB DEVELOPER & PRODUCT BUILDER

EDUCATION

Bachelor of Computer Applications (BCA) — Graduate (Completed)

Higher Secondary Education (12th Commerce) — (Completed)

WORK EXPERIENCE

FREELANCE WEB DEVELOPER: (2023 – Present)

Designed, developed, and deployed full-cycle web applications, responsive business websites, and client dashboards.

- Designed and developed **responsive business websites** for local businesses and independent clients.
- Built **modern dashboards** and management systems focused on usability and performance.
- Worked directly with clients to gather requirements and convert **business needs into digital solutions**.
- Developed **mobile-friendly web applications** accessible across phones, tablets, and desktops.
- Managed complete **project lifecycles** including design, development, deployment, and maintenance.

PREET STATIONERY & DOCUMENT CENTRE - WEBSITE DESIGN & DEVELOPMENT: (Live Project)

- Designed and developed a complete business website for a **27-year-old stationery and document services** business.
- Created product showcase sections, service pages, customer testimonials, FAQ system, and contact integration.
- Focused on **trust-building design**, business branding, responsiveness, and SEO-friendly structure.
- Optimized for desktop and mobile viewing.

Technologies: React, Next.js, Tailwind CSS, Netlify

MEMENTO - MEMORY PRESERVATION WEB APPLICATION: (In Development)

- Building a **memory keepsake platform** that transforms photos into collectible digital formats (Ticket Stubs, Polaroids, Trading Cards, Film Strips, Postcards, Newspapers).
- Includes memory tracking, streak systems, profile statistics, dark mode support, image export, and sharing functionality.
- Designed as a **local-first experience** focused on privacy and long-term memory preservation.

PERSONAL PRODUCTIVITY & DASHBOARD APPLICATIONS: (Workflow & Productivity)

- Developed multiple **personal dashboard and utility applications** for workflow management and productivity.
- Focused on clean UI design, responsive layouts, and efficient user experiences.
- Implemented data management systems, user dashboards, and business-oriented interfaces.

ADDITIONAL INFORMATION

- Strong experience using **AI tools** to accelerate software development and problem solving.
- Comfortable working independently from concept to deployment.
- Interested in startups, SaaS products, web applications, dashboards, and digital product development.
- Open to freelance, contract, remote, and full-time opportunities.

PROFILE

Self-taught web developer and product builder with **2+ years** of freelance experience developing business websites, dashboards, and web applications. Skilled at turning ideas into functional digital products using **modern web technologies** and **AI-assisted development workflows**. Experienced in creating **responsive websites**, admin dashboards, business solutions, and cross-device web applications that work seamlessly across desktop and mobile platforms, focused on user experience, design, and practical problem solving.
